

B33 INFOPOINT INTERKULTURELL

The **POWER** lies in **WE**

1. The B33 Infopoint Intercultural project in the center and Sonnenberg supports adult migrants.
2. It closes knowledge gaps, reduces social isolation and promotes equal opportunities.
3. The project aims to reduce conflicts, integrate families and reduce prejudices.
4. It connects people with different cultural backgrounds and supports social coexistence.

**Together for
integration and
opportunities:
Cooperations for a
successful future**

Existing collaborations ensure an important importance for the labor market. They not only enable the communication of target groups, but also the exchange of information and cultural diversity.

**Simple and inviting:
targeting target
groups**

We specifically address adult migrants in order to improve their accessibility. Collaboration with language schools and advice centers forms a supportive network structure.

AGIUA e. V.

**Lesezeichen
HDK**

AGIUA e.V. in Chemnitz promotes participation and breaks down prejudices through migration, youth and educational work. The LEZEZEICHEN project is looking for volunteer student sponsors for young migrants. The HDK project offers a meeting point for citizens with and without a migration background to promote intercultural communication and create a cosmopolitan Chemnitz.
